## 展会概况

在全球积极应对气候变化、推进能源转型的背景下，全球范围内更严格的能效与排放法规持续深入推进，市场需求与技术创新持续迭代。2026 国际内燃机及动力装备博览会（简称：动博会）作为全球动力领域最具影响力的行业盛会，将于 2026 年 11 月 11 日 -13 日在南京国际博览中心隆重举行。

本届展会以“动力驱动世界”为主题，紧密围绕动力装备制造领域的政、产、学、研、用协同发展，聚焦“低碳化、零碳化、智能化、数字化”四大技术主线，全面展示从传统内燃机革新到新能源动力系统、从关键零部件创新到智能制造解决方案的全产业链最新成果，是集产品展示、技术交流、品牌推广、贸易合作于一体的综合性高端平台。

Against the backdrop of global efforts to actively address climate change and advance energy transition, stricter energy efficiency and emission regulations are being continuously implemented worldwide, while market demand and technological innovation keep evolving. 2026 International Exhibition on Internal Combustion Engine & Powertrain Equipment (hereinafter referred to as ICE&PE) , as the most influential industry event in the global power sector, will be grandly held at the Nanjing International Expo Center from November 11th to 13th, 2026.

With the theme of "Power Driving the World", the exhibition closely focuses on the collaborative development of policy, production, academia, research, and application in the power equipment manufacturing industry. Centering on the four core technical pillars of "low-carbonization, decarbonization, intelligence and digitalization", it comprehensively showcases the latest achievements across the entire industrial chain—ranging from the upgrading of traditional internal combustion engines to new energy power systems, and from the innovation of key components to intelligent manufacturing solutions. It serves as a comprehensive high-end platform integrating product display, technical exchange, brand promotion and trade cooperation.
